

BERESFORDTEL

April 2022

Affordable Connectivity Program

In addition to the Lifeline federal income assistance program, Beresford Telephone is now authorized to provide the Affordable Connectivity Program (ACP) to our Internet customers. This program is expected to be temporary and may end when the funds are exhausted. Customers are eligible if they participate in at least one of the following programs:

- > Medicaid
- > Food Stamps
- > Supplemental Security Income (SSI)
- > Free School Lunch Program *
- > Federal Public Housing Assistance (FPHA)
- > Veterans or Veterans Survivors Pension
- > WIC
- > Received a Federal Pell Grant this year

*Beresford Schools free lunch program is currently operating through COVID-19 waivers and is excluded from this qualification at this time.

You may also qualify if your household income is at or below 200% of the Federal Poverty Guidelines.

The ACP provides eligible subscribers with a credit of up to \$30/month on their Internet service. Subscribers that are currently on Lifeline assistance are also eligible for this program.

To apply, go to ACPBenefit.org to submit the online application. You may be asked to provide eligibility documentation. You may also apply by a mail-in application or come into our office for assistance with the online application.

For additional information, please contact our office at 605/763-2500.

Did you know that BeresfordTel installs TV antennas? We install professional grade, omnidirectional outdoor HDTV antennas on the side of your home to enable you to get the best signal available at your location. Your cost to install the antenna, which includes labor, materials, and running a coax from the antenna to your utility room is a one-time charge of \$250.00. Give us a call if you would like to schedule a complimentary evaluation of your location to see if an OTA antenna would be a good fit for you!

**GIG-CERTIFIED
PROVIDER**

Please remember that you must call 811 at least two working days before any projects that require digging, even if it's on your own property. If the work will be done by a professional, that company must make the call to request the location of buried services. The call center can be reached at 811 or 1-800-781-7474, or you can submit your information online at www.sd811.com. This one call will send the locate request to all potentially affected utilities.

There are many different utilities that could be buried on your property and in the right-of-ways including water, electrical, and gas as well as BeresfordTel fiber & cable lines. If you nick or damage a buried service line, contact the affected company immediately. Damaging a buried line may disrupt service to you and possibly to many other customers also served by those facilities. It is inconvenient to all affected and can be very costly to you.

Thank you.
